

RESOLUTION 2021-34

**A RESOLUTION OF THE BOARD OF SUPERVISORS OF COCONINO COUNTY,
ARIZONA, ADOPTING THE REVISED ENGINEERING DESIGN AND
CONSTRUCTION MANUAL TO ALIGN WITH NATIONAL AND STATE
ENGINEERING STANDARDS.**

WHEREAS, permits from regulatory agencies are required for many construction, engineering and associated practices; and

WHEREAS, the County is required to issue permits for many construction and engineering activities; and

WHEREAS, there is an expectation that the work meets commonly accepted standards for safety and utility; and

WHEREAS, the manual has been revised to provide standards, specifications and recommendations associated with good engineering practice; and

WHEREAS, the County intends to promote hazard mitigation, public health, safety and welfare in Coconino County; and

WHEREAS, this manual is not intended to discourage new or unusual methods, designs and materials; and

WHEREAS, it is recognized that the use of standard designs and materials can be desirable when viewed from the perspective of efficiency of maintenance, repair or replacement; and

WHEREAS, it is anticipated that the primary user of these standards, specifications and recommendations will be licensed professionals; and

WHEREAS, stakeholder input was solicited to inform the revisions of the revised Engineering Design and Construction Manual; and

NOW, THEREFORE, BE IT RESOLVED THAT that the Coconino County Board of Supervisors of Arizona, hereby adopts the revised Engineering Design & Construction Manual to guide the permitted construction and engineering activities within Coconino County.

1. Asserts that the Coconino County Engineering Design and Construction Manual is outdated. It was last updated in September 2018, and it requires updating to align with national and state engineering standards, as well as direction from the Board of Supervisors. The manual also needs to better reflect changes in engineering and construction methodologies, technology and products.

2. Based on stakeholder review and input and review and input from the Board of Supervisors, it hereby adopts the revised Engineering Design & Construction Manual.

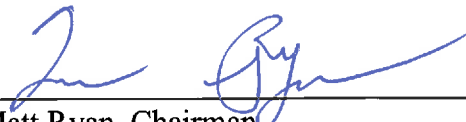

PASSED AND ADOPTED this 24th day of August 2021.
