INTRODUCTION

The **Coconino County Resource Directory: Services for Older Adults and Persons with Disabilities**, prepared by the Coconino County Advocates for Human Services (CCAfHS), Elder Safety Coalition (ESC) is intended for a wide audience including older adults, persons with disabilities, their families, caregivers, health professionals, providers of social services, and others who have a special interest in the field of aging.

This Resource Directory supports the mission of the Elder Safety Coalition to promote elder safety and well being, elder abuse prevention and early identification of at-risk seniors, and awareness of and access to local, state, and national aging related resources and services. For more information about the Elder Safety Coalition, please visit our Facebook page, [Coconino County Elder Safety Coalition](#), where the directory can be accessed online, or contact us by email eldersafetycoalition@gmail.com.

The Directory contains the names, addresses, telephone numbers (toll free whenever possible) and websites of resources that offer services for older adults and persons with disabilities. Included in the listings are profit and not-for-profit agencies, professional societies, private groups, and voluntary programs. Our goal is to include as many services and resources as possible. The resources are arranged alphabetically by category in the table of contents. An alphabetical listing of the included agencies/organizations can be found at the end of the directory.

The Elder Safety Coalition does not guarantee quality of services, recommend, or endorse specific resources. If any information in the directory is incorrect, please email the correct information to eldersafetycoalition@gmail.com. Thank you.
