

Car Seat Safety Class

Join the Coconino County Public Health Services District Injury Prevention Program to learn more about car seat safety. ★

The Car Seat Safety Class will provide important information to ensure that your most precious cargo is safe while traveling in vehicles. Correctly used child safety seats can reduce the risk of death by as much as 71 percent.

Classes are offered:

The 3rd Thursday of every month from 11:00 am to 1:00 pm

Instruction will include:

- Proper child safety seat installation
- Tips on how to always install your child safety seat correctly
- ★ Free car seat, infant convertible seat or booster seat (to those who qualify.)

Classes are held at:

Coconino County Public Health Services District

Northern Region Office

467 Vista Avenue, Page, AZ

Red Sands Conference Room

Call the Coconino County Public Health

Services District at 928-608-6108 to register.
