

Arizona Tax Credit Program

The Arizona Tax Credit Program allows Arizona taxpayers to receive a tax credit for individuals up to \$200 and married couples filing jointly up to \$400 for contributions in support of School Districts Career and Technical Education, Character Education, and Extracurricular activities.

School districts must maintain detailed records to ensure that tax credit monies are used only for allowable expenditures and in support of both the school and purpose designated by the taxpayer.

The latest publication on School Tax Credits can be found at [AZ Department of Revenue](#).
