Questionnaire:

1. What has prompted you to express an interest in this position?

2. Please briefly describe your understanding of the differences between the roles of the Governing Board and the School District Administration. Feel free to use examples.

3. In the spaces below, please describe past or present experiences you have had which you think would be relevant to your making a positive contribution to this type of Board. Identify specific

accomplishments of the organization and your role in their being achieved. (For convenience, these are arranged in categories. Please feel free to modify these to the extent you feel necessary).

a. Trade/business or professionally related experiences

b. Volunteer and/or non-profit associations

c. Formal educational training

4. In our present societal environment, those seeking to serve in a public capacity are often subjected to intense scrutiny by interested individuals or groups, as well as the media. This scrutiny includes examining personal behaviors, past and present, as well as areas of potential "conflict of interest."

Have you any reason to be concerned that any past actions or involvement with organizations would be awkward for you or the Governing Board? Please answer with "yes" or "no". If "yes", please explain.

5. A public school district serves a variety of students with a wide range of backgrounds, abilities, and objectives. Listed below are broad, and perhaps arbitrary, categories into which most students fall. Please indicate the extent of your work, volunteering, or educational experiences with each of these general categories:

a. College bound students who take courses of study leading to entrance into accredited institutions of higher education.

b. General academic students who want to meet general academic graduation requirements.

c. Vocational students who want general education coursework plus training in fields such as secretarial, electronic, automotive, construction, sales, agriculture, etc.

- d. Learning impaired students who may wish to enter college bound, general academic, or vocational course work but need remedial support.
 - e. Special, adaptive education students who need general education and/or vocational training adapted to meet the needs of physically, mentally, or emotionally handicapped children.
 - f. At-risk children who have various challenges which often cause students to become dropouts.
6. A major responsibility of public-school districts involves employing well-qualified, knowledgeable leadership and securing and maintaining appropriate finances. The levels of support districts receive through tax dollars, private funding and grants income are, to a considerable extent, based on the community perceptions of the district and the value community places on the educational program.
- a. Please indicate any experiences you have had relating to areas such as budget preparation and control, allocation of resources, audits, purchasing, etc.
 - b. Also, indicate any experience you have had with personnel management (negotiations, recruiting, hiring and evaluation of personnel, etc.).
 - c. Likewise, indicate experience and/or involvement you have had involving the educational growth and development of children.

7. As an active member of your community, you may have developed ideas about some of the special needs of your School District. What needs do you feel are most urgent and how would you help to meet those needs?

8. A Board member has no authority to make district decisions as an individual. All District policy decisions are made by the total Governing Board. Board membership requires the ability to listen to the ideas of others, communicate your own ideas, evaluate all information without bias, and function as a team member. Indicate any successful experiences you have had in similar team efforts.

9. Public service, such as serving on a School Board, requires a great deal of time and energy. For this position, compensation is non-existent. In light of that, are there any circumstances you can foresee that would limit your ability to fully participate as a School Board member?

10. What do you consider to be the three (3) current biggest challenges to this District? List them in order of priority and explain each.
