### Kaibab National Forest firewood permit sales begin May 2

**Williams, AZ, April 25, 2022** – On Monday, May 2, the Kaibab National Forest will begin selling personal-use firewood permits for the 2022 season. Permit holders will be able to collect firewood from May 2 through November 30 on the North Kaibab Ranger District and through December 31 on the Tusayan and Williams Ranger Districts.

Permits are \$20 for 10 cords of wood. Permit holders will receive maps, detailed cutting regulations, and load tags which must be physically attached to each ¼ cord of firewood and visible from the rear of the vehicle. The load tagging system helps maintain accountability and provides data for planning future firewood programs.

The 2022 load tags are *not* reusable. In 2020 and 2021, the forest issued reusable load tags to continue providing access to firewood while minimizing exposure during the pandemic. This season, the Kaibab NF is returning to the single-use, quarter-cord tags.

Permits will be valid for firewood collection only within the ranger district from which the permit was purchased.
